

September 20, 2019

To Whom It May Concern:

This is to verify that Adrien Cloutier attended the 2019 Inter-university Consortium for Political and Social Research (ICPSR) Summer Program in Quantitative Methods of Social Research as a Program Scholar and completed the following workshop(s). Had the workshop(s) been taken for official academic credit, Adrien Cloutier would have received the indicated grade(s):

Regression Analysis II: Linear Models

Instructor: Timothy McDaniel

Grade: A-

The ICPSR Summer Program in Quantitative Methods of Social Research serves the social science community by offering a comprehensive, integrated program of studies in research design, statistics, data analysis, and social methodology. It is an intensive professional/doctoral level seminar program. Participants electing workshops in the Program have the opportunity to complete in four weeks the equivalent of a college semester of course work at the University of Michigan.

Should you have any questions or need further verification regarding the above information, please do not hesitate to contact me.

Sincerely,

Sandra K. Schneider

Director

ICPSR Summer Program in Quantitative Methods of Social Research
